Welcome to the Hayakawa UK e-brochure. As a UK based organisation, we are proud to operate across an extensive global network, offering outstanding customer service backed by comprehensive technical capabilities.

At Hayakawa, our company ethos is to provide quality services and products of impeccable standards for a vast range of industry sectors worldwide, including the automotive, domestic, lighting, renewable energy and industrial sectors to name a few. Whatever your business sector, I feel confident we can service your wire harness needs.

Our extensive experience is reflected in our key employees who have thorough product knowledge, helping serve your precise requirements. It is an objective of mine to continue investing in our people, as it is our highly valued team that continues to make Hayakawa UK the country's leading wire harness manufacturer.

As specialists in tailor-made wire harnesses, it is our mission to continue to provide excellent products and services for our customers. Our e-brochure demonstrates our ability to provide cost effective solutions that are right for your business, first time, every time.

To find out more about how Hayakawa can support your business, please don't hesitate to contact us with your questions and enquiries. We hope to welcome you as customer with Hayakawa in the near future.
